FSSA Greater China Growth Fund

- The Fund invests primarily in equity or equity-related securities of the companies with either assets in, or revenues derived from China, Hong Kong and Taiwan.
- The Fund invests in emerging markets which may have increased risks than developed markets including liquidity risk, currency risk/control, political and economic uncertainties, high degree of volatility, settlement risk and custody risk. Investing in small /mid-capitalisation securities may have lower liquidity and their prices are more volatile to adverse economic developments.
- The Fund's investments may be concentrated in a single sector, country, specific region or small numbers of companies/countries which may have higher volatility or greater loss of capital than more diversified portfolios.
- The Fund may expose to China market risk including repatriation risk, uncertainties to PRC taxation policies and risks associated with StockConnects, QFI, the ChiNext market and/or the STAR board. The Fund may also expose to RMB currency and conversion risk.
- The Fund may use FDIs for hedging and efficient portfolio management purposes, which may subject the Fund to additional liquidity, valuation, counterparty and over the counter transaction risks.
- It is possible that a part or entire value of your investment could be lost. You should not base your investment decision solely on this document. Please read the offering document including risk factors for details.
