IMPORTANT:

- The Fund may invest in debt securities that are subject to actual or perceived ratings downgrade. The Fund's investments are concentrated in the US. This may result in greater volatility than more broad-based investments. An increase in interest rates may adversely affect the value of the bonds held by the Fund.
- The Fund is subject to currency risk, sovereign debt risk and securities lending counterparty risk.
- The Fund may use derivatives for hedging. The Fund may suffer losses from its derivative usage.
- The value of the Fund can be volatile and can go down substantially within a short period of time. It is possible that a certain amount of your investment could be lost.
- Investors should not make investment decisions based on this document alone. Investors should refer to the Prospectus and Key Facts Statement for details including risk factors.

CREDIT RATINGS (%)

The fund itself has not been rated by an independent rating agency. Credit quality ratings on underlying securities of the fund are received from S&P, Moody's and Fitch. This breakdown is provided by BlackRock and takes the middle rating of the agencies when all three agencies rate a security the lower of the two ratings if only two agencies rate a security and one rating if that is all that is provided. Unrated securities do not necessarily indicate low quality. Ratings and portfolio credit quality may change over time.
