

# Invesco Sustainable US Structured Equity Fund

30 April 2022

Morningstar Rating™

## Important Information

- The Fund invests primarily in a diversified portfolio of equities of large cap companies listed on recognised US stock exchanges, which also have their registered office in the US or are exercising their business activities predominantly in the US and which meet the Fund's environmental, social and governance (ESG) criteria with a particular focus on environmental issues.
- Investors should note the ESG investment risks, concentration risk of investing in large cap equities listed on recognised US stock exchanges, currency exchange risk, equities risk, volatility risk, and general investment risk.
- Financial derivative instruments (FDI) may be used for efficient portfolio management purposes or to hedge or reduce the overall risk of investments. Risks associated with FDI include counterparty/credit risk, liquidity risk, valuation risk, volatility risk and over-the-counter transaction risk. The leverage element/component of a FDI can result in a loss significantly greater than the amount invested in the FDI by the Fund. Exposure to FDI may lead to a high risk of significant loss by the Fund.
- The value of the Fund can be volatile and could go down substantially.
- Investors should not base their investment decision on this material alone.

## Objectives and investment strategy

The Fund aims to achieve long-term capital growth. The Fund intends to achieve its objective by investing primarily in a diversified portfolio of equities of large cap companies listed on recognised US stock exchanges, which also have their registered office in the US or are exercising their business activities predominantly in the US and which meet the Fund's environmental, social and governance (ESG) criteria with a particular focus on environmental issues.
