Distributions are not guaranteed and may fluctuate. Past distributions are not necessarily indicative of future trends, which may be lower. Distribution payouts and its frequency are determined by the Board of Directors, and can be made out of (a) income; or (b) net capital gains; or (c) capital of the Fund or a combination of any of (a) and/or (b) and/or (c). The payment of distributions should not be confused with the Fund's performance, rate of return or yield. Any payment of distributions by the Fund may result in an immediate decrease in the net asset value per share. Funds with Monthly and Quarterly Distribution Frequency: Annualised Dividend rate = (Dividend per share / NAV per share of previous ex-dividend date) x (No. of calendar days in a year / No. of calendar days in distribution period) x 100%. Annualised Dividend Rate is calculated based on the dividend distribution for the relevant distribution period and does not refer to the dividend yield for the preceding 12 months, and it may be higher or lower than the actual annual dividend yield. "N.A.": This share class does not distribute dividends. For details of other fees and charges, please refer to the offering document.
