

Aberdeen Standard SICAV I - Japanese Smaller Companies Fund

A Acc Hedged USD

Performance Data and Analytics to 30 April 2019

Important Information

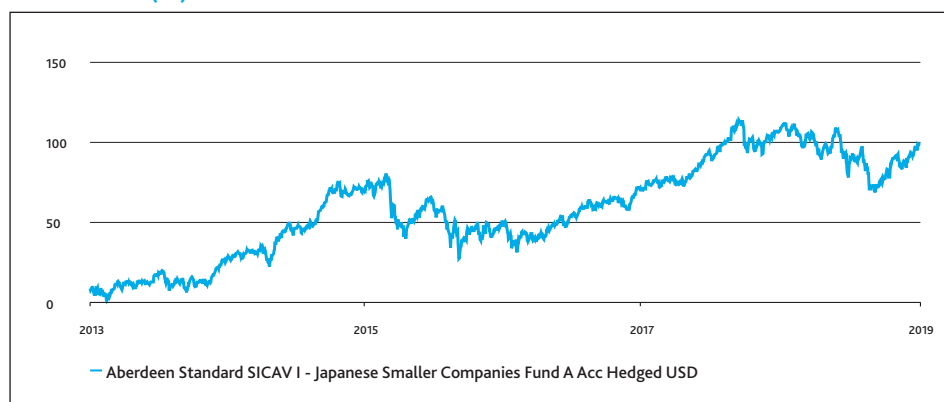

- The Fund invests in equities and equity-related securities of smaller companies in Japan. Smaller Companies are defined as companies with a market capitalisation in the Base Currency of the Fund, as at the date of investment, of under Yen 500 billion.
- The Fund's exposure to a single country market increases potential volatility.
- Smaller companies are subject to the risk of greater vulnerability, and are generally of lower liquidity and greater volatility than larger companies.
- Investment in this fund may involve a high degree of risk and may not be suitable for all investors. It is possible that the entire value of the investment could be lost.
- Investors are responsible for their investment decisions and should ensure that the intermediary has advised on fund's suitability and consistency with their investment objective. If in doubt, please seek independent financial and professional advice.
- Investors should not invest in this Fund based solely on this document and should read the relevant offering documents (particularly the investment policies and risk factors) for more details before investing.

Investment objective

To achieve long-term total return by investing at least two-thirds of the Fund's assets in equities and equity-related securities of Smaller Companies with their registered office in Japan; and/or Smaller Companies which have the preponderance of their business activities in Japan; and/or holding companies that have the preponderance of their assets in Smaller Companies with their registered office in Japan.

For the purpose of this Fund, Smaller Companies are defined as companies with a market capitalisation in the Base Currency of the Fund, as at the date of investment, of under Yen 500 billion.
