

Aberdeen Standard SICAV I - Chinese Equity Fund

A Acc USD

Performance Data and Analytics to 30 September 2019

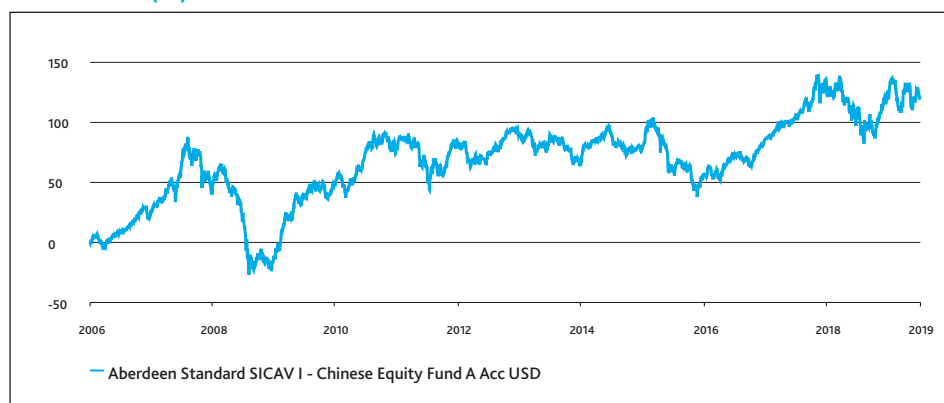

Important Information

- The Fund invests in equities and equity-related securities of companies registered in or conducting the bulk of their business activities in China.
- The Fund invests in emerging markets which tend to be more volatile and is subject to higher political, regulatory, credit and liquidity risks.
- The Fund's exposure to a single country market increases potential volatility.
- Investment in this fund may involve a high degree of risk and may not be suitable for all investors. It is possible that the entire value of the investment could be lost.
- Investors are responsible for their investment decisions and should ensure that the intermediary has advised on fund's suitability and consistency with their investment objective. If in doubt, please seek independent financial and professional advice.
- Investors should not invest in this Fund based solely on this document and should read the relevant offering documents (particularly the investment policies and risk factors) for more details before investing.

Investment objective

To achieve long-term total return by investing at least two-thirds of the Fund's assets in equities and equity-related securities of companies with their registered office in China; and/or companies which have the preponderance of their business activities in China; and/or holding companies that have the preponderance of their assets in companies with their registered office in China.
