IMPORTANT:

- Use of environmental, social and governance (“ESG”) criteria as the investing principles may impact the Fund’s performance. Reliance on third party data may lead to incorrect evaluation of a security or issuer based on ESG criteria. There may also be a risk of incorrectly applying the relevant ESG criteria on the Fund. The Fund may invest in debt securities that are subject to actual or perceived ratings downgrade. The Fund may invest in assets denominated in various currencies. Changes in exchange rates and currency controls may affect the value of the Fund’s assets. An increase in interest rates may adversely affect the value of the bonds held by the Fund. The Fund invests in bonds issued or guaranteed by governments or authorities, which may involve political, economic, default or other risks.
- The Fund is subject to non-Investment grade and unrated bond risks, securities lending counterparty risk, risks relating to Total Return Swap, risks relating to Contracts for Differences, liquidity risk and contingent convertible bonds risk.
- The Fund may use derivatives for hedging and extensively for investment purposes. Risks associated with derivatives include counterparty/credit, liquidity, valuation, volatility and market risks. The Fund’s volatility may increase or decrease from its derivative usage, and may suffer losses.
- The value of the Fund can be volatile and can go down substantially within a short period of time. It is possible that a certain amount of your investment could be lost.
- Investors should not make investment decisions based on this document alone. Investors should refer to the Prospectus and Key Facts Statement for details including risk factors
