SMART Global Moderate Fund		

Investments in Indian securities within India Focus Fund are partly made through a wholly-owned Mauritian subsidiary, FIL Investments (Mauritius) Limited (the "Subsidiary") previously called Fid Funds (Mauritius) Limited, the sole object of which is to carry out investment activities on behalf of the Company. FIL Investment Management (Hong Kong) Limited ("FIMHK") provides investment advisory and management services to the Subsidiary. FIMHK has obtained approval from the Securities and Exchange Board of India and the Reserve Bank of India to invest in India on its own behalf and on behalf of approved client accounts as a Foreign Portfolio Investor under Indian law. The Subsidiary is registered as a Foreign Portfolio Investor sub-account of FIMHK's licence and has been granted approval to invest in Indian securities. The assets and liabilities of the Subsidiary are consolidated in the Statement of Net Assets and all investments held by the Subsidiary are disclosed in the Schedule of Investments.

On 17 September 2018, European Value Fund was renamed FIRST European Value Fund, and Asian Total Return Bond Fund was renamed Asia Pacific Strategic Income Fund on the same date.

On 3 October 2018, Global Telecommunications Fund was renamed Global Infrastructure Fund.

## 2. Significant Accounting Policies

The financial statements are prepared in accordance with the Luxembourg legal and regulatory requirements relating to undertakings for collective investment.

**Calculation of the Net Asset Value.** The Net Asset Value per share of each class of shares, is calculated by determining first the proportion of the net assets of the relevant sub-fund attributable to each class of shares. Each such amount will be divided by the number of shares of the relevant class outstanding as at close of business to the extent feasible. The Net Asset Value of each class is determined in the principal dealing currency of

the respective class.

**Security Valuation.** Investments in financial instruments traded on any stock exchange are valued at the last available price at the time when the valuation is carried out on the principal stock exchange on which such security is traded. Financial instruments dealt on any over the counter market, short-dated debt transferable securities and money market instruments not traded on a regulated exchange or market are valued in the same manner. All other assets are valued in such manner as the Directors of the Company consider appropriate. All holdings owned by the Company are quoted on a regulated market, except where otherwise distinguished in a sub-fund's Schedule of Investments.

**Price Adjustment Policy.** The Board of Directors of the Company implemented a price adjustment policy in order to protect the interests of the Company's Shareholders. The purpose of the price adjustment policy is to allocate the costs associated with large inflows and outflows to investors transacting that day, thereby protecting the long-term Shareholder from the worst effects of dilution. It achieves this purpose by adjusting the share class price at which deals in a sub-fund are transacted. As such, share class prices may be adjusted up or down depending on the level and type of investor transactions on a particular day within a sub-fund. In this way the existing and remaining Shareholders do not suffer an inappropriate level of dilution. The Company will only trigger an adjustment in the price when there are significant net flows likely to have a material impact on the remaining Shareholders. The adjustment will be based on the normal dealing costs for the particular assets in which a sub-fund is invested but will not exceed 2% of the price. Once an adjustment is made to a share class price, that price is the official price for that share class for all deals that day. As at 30 April 2019, price adjustments were made on the following sub-funds.

**Fair Value Adjustments Policy.** Fair value adjustments may be implemented to protect the interests of the Company's Shareholders against market timing practices. Accordingly if a sub-fund invests in markets that are closed for business at the time the sub-fund is valued, the Directors may, by derogation from the provisions above under security valuation, allow for the financial instruments included in a particular portfolio to be adjusted to reflect more accurately the fair value of the sub-fund's investments at the point of valuation.

**Bank Deposits and Cash at Banks and Brokers.** All bank deposits and cash at bank and brokers amounts are carried at face value.

**Investment Security Transactions.** Investment security transactions are accounted for on the date securities are purchased or sold. The computation of the cost of sales of securities is made on the basis of average cost.

**Futures.** Futures are accounted for on the date of opening or closing of the contract. Subsequent payments are made or received by the sub-fund each day, dependent on the daily fluctuations in the value of the underlying index or security which are recorded for financial reporting purposes as unrealised gains or losses by the sub-fund. The unrealised gains or losses resulting from futures are included in the Statement of Net Assets and in the Schedule of Investments. The realised gains and losses are based on the First In — First Out method. All gains and losses on futures are disclosed in the Statement of Operations and Changes in Net Assets.

**Forward Foreign Exchange Contracts.** Forward foreign exchange contracts are valued on the basis of forward exchange rates prevailing at the closing date and applicable to the remaining period until the expiration date. The unrealised gains or losses resulting from forward foreign exchange contracts are included in the Statement of Net Assets and in the Schedule of Investments. All forwards, including those used for the hedging of share classes, are included in the Schedule of Investments. All gains and losses on forwards are disclosed in the Statement of Operations and Changes in Net Assets.

**Option Contracts.** Options purchased are recorded as investments at their realisable market value; options written or sold are recorded as liabilities based on the cost to close the position. Purchased and written options are included in the Statement of Net Assets and in the Schedule of Investments. When the exercise of an option results in a cash settlement, the difference between the premium and the settlement proceeds is accounted for as a realised gain or loss. When an option expires, the premium is accounted for as a realised gain for options written or as a realised loss for options purchased. All gains and losses on options are disclosed in the Statement of Operations and Changes in Net Assets.

**Interest Rate & Total Return Swaps.** Interest receivable and payable on interest rate and swap contracts is accrued on a daily basis, and future commitments under the swap are valued at market rates. Interest rate and total return swap contracts are disclosed in the Statement of Net Assets and in the Schedule of Investments. All gains and losses in the value of interest rate and total return swaps are disclosed in the Statement of Operations and Changes in Net Assets. Income receivable/payable on interest rate swaps is included in income or expenses on an accruals basis and is reflected in the Statement of Operations and Changes in Net Assets as Interest received/paid on swaps.

**Credit Default Swaps.** Premiums paid and received on credit default swap contracts to buy or sell protection against a credit event are accrued on a daily basis and reflected as net income. Future commitments under the swap are valued at market rates. Credit default swap contracts are disclosed in the Statement of Net Assets and the Schedule of Investments. All gains and losses in the value of credit default swaps are disclosed in the Statement of Operations and Changes in Net Assets.

**Contracts for Difference.** Contracts for difference are contracts entered into between a broker and the Company under which the parties agree to make payments to each other so as to replicate the economic consequences of holding a long or short position in the underlying security. Contracts for difference also mirror any corporate actions that take place. Dividends received or paid on contracts for difference are disclosed net in the Statement of Operations and Changes in Net Assets under the caption Derivative Income or Derivative Expenses. When a contract is closed, the Company records a realised gain or loss equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed. The valuation of contracts for difference is based on the underlying security and they are disclosed in the Statement of Net Assets and the Schedule of Investments. The finance costs paid to the broker for holding the underlying security are included under the caption Finance costs on contracts for difference in the Statement of Operations and Changes in Net Assets. All gains and losses on contracts for difference are disclosed in the Statement of Operations and Changes in Net Assets.

**Equity Linked Notes.** Equity Linked Notes are valued daily based on the price of the underlying security and are disclosed in the Statement of Net Assets and the Schedule of Investments at market value. The intermediate coupon(s) and final payment at maturity are determined by the change in value of the underlying security. The interest income or "out performance" earned and any gains or losses are disclosed in Statement of Operations and Changes in Net Assets.

**Term Loans.** The Company invests in term loans that have been made by banks to companies. Term Loans are traded at tranche level and are made up of a number of underlying loans all with different terms (coupon rates, payment dates, maturity dates) from the same issuer. Term loans are valued according to the general security valuation policy and are disclosed in the Statement of Net Assets and the Schedule of Investments at market value. All gains and losses on term loans are disclosed in the Statement of Operations and Changes in Net Assets.

**Foreign Exchange.** The Directors determine the designated currency of each sub-fund. Assets and liabilities as at 30 April 2019 have been translated at the prevailing exchange rates on that date. All transactions denominated in foreign currencies during the period are translated into the subfund's designated currency at the exchange rate prevailing on the day of transaction.

**Bonds in Escrow.** Bonds included in the Schedule of Investments can be used as collateral against open derivative exposures. Where this is the case, bonds will be escrowed to prevent them from being traded.

**Fund share Transactions.** The issue and redemption price per share of each sub-fund is the Net Asset Value per share on the date of trade, subject to the price adjustment policy.

**Formation Costs.** All formation costs related to the launch of the Company have been amortised. Costs incurred in launching new sub-funds will be charged to current operating expenses.

**Income.** Dividends on equities are recognised when the security is quoted ex-dividend. Interest is accounted for on an accruals basis.

**Zero Coupon Disclosure.** Zero coupon bonds and zero coupon money market instruments are disclosed in the Schedule of Investments at a rate reflecting the actual return.

**Co-Management of Assets.** For the purpose of effective management, where the investment policies of the sub-funds so permit, the Board of Directors may choose to co-manage assets of certain sub-funds within the Fidelity Funds range. In such cases, assets of different sub-funds will be managed in common. Fractions may result from the co-management technique. The value of these fractions is based on the market value of the underlying financial instruments in the portfolio of the co-managed sub-funds at the end of the year and is included in the total market value of the portfolio. Considering the insignificance of these amounts, they have been included as "Fractions" in the Schedule of Investments.

**Combined Accounts.** The combined financial statements have been presented in USD which is the Company's designated currency and represent the total financial statements of the different sub-funds. Sub-funds stated in currencies other than USD have been converted at exchange rates ruling at the year-end.

### 3. Investment Management Fees and Other Transactions with the Investment Manager or its Affiliates

Class C Shares are subject to an annual distribution fee of up to 1.00% of the Net Asset Value of the relevant class. Class E shares are subject to an annual distribution fee of up to 0.75% of the Net Asset Value of the relevant class. These fees are accrued daily and payable quarterly to FIL Distributors. The Reserved Funds' classes of shares may only be acquired by investors who are either Undertakings for Collective Investment or investors whose assets are held in accounts managed by FIL or its affiliates. Expenses and charges, excluding investment management fees, administration expenses, government taxes and custodian fees for such classes of shares, will be charged to, and paid directly by, FIL and its affiliates. The investment management fees, administration expenses, government taxes and custodian fees for such classes of shares are charged to the sub-funds but are reimbursed in full by FIL and its affiliates.

FIL and its affiliates may waive any or all of their fees and limit the maximum level of expenses (with certain exceptions) that the sub-funds would be paying. These waivers are voluntary and may be revised at any time. In addition, FFML may from time to time bear certain expenses of the subfunds, on a discretionary basis. Certain officers and directors of the Company are also directors, officers or employees of FIL or its affiliates.

FID is a wholly-owned subsidiary of FIL. In performing its activities as General Distributor of the Company, FID is entitled to receive a sales commission on sales of shares in the Company. For the year ended 30 April 2019, FID retained a total of USD 177,266 in sales commissions, the remainder is paid to intermediaries involved in distributing shares.

The total aggregate value of the transactions of the Company traded through connected brokers was USD 39,101,342. Such transactions represent 0.01% of total transactions of the Company during the year ended 30 April 2019. Total brokerage commissions paid to connected brokers for the year ended 30 April 2019 was USD 2,498 at an average rate of commission of 0.01%. This represents 0.0059% of the total commissions paid. FFML has executed certain portfolio transactions to selected brokers who have agreed to repay a portion of commissions from such transactions to offset Company expenses. For the year ended 30 April 2019 the Company's expenses were reduced by USD 31,937 under this arrangement.

#### 4. Variable Management Fees

The Variable Management Fee ("VMF") comprises of a set base fee (the "Base Fee") of 0.70% and a positive or negative variable element of up to 0.20%, which is calculated daily to the nearest 0.01%. The variable element of the VMF is calculated based on the performance of each Share of the relevant Share class relative to that of its Market Index over the same period.

The period used to assess the performance of a Variable Share Class and Market Index is the lesser of: (i) the time since launch of the Share Class; or (ii) the previous 3 years (the "Performance Period"). The difference between the value (inclusive of income distributions previously paid out) at the beginning of Performance Period compared to the value (inclusive of income distributions previously paid out) at the end of the Performance Period for each of the relevant Variable Share Class and the Market Index form the basis of the calculation of the variable element of the VMF.

Share Class Name	Market Index	Base Fee	Minimum VMF	Maximum VMF
Fidelity Funds - America Fund Y-VMF-ACC-Euro	S&P 500 Index (Net)	0.7	0.5	0.9
Fidelity Funds - America Fund Y-VMF-ACC-USD	S&P 500 Index (Net)	0.7	0.5	0.9
Fidelity Funds - Emerging Markets Focus Fund I-VMF-ACC-USD	MSCI Emerging Markets Index (Net)	0.7	0.5	0.9

Fidelity Funds - World Fund Y-VMF-ACC-Euro	MSCI World Index (Net)	0.7	0.5	0.9

The variable element of the VMF is listed as Performance Fees in the Statement of Operations and Changes in Net Assets.

#### 5. Directors' Fees

The Chairman of the Board is entitled to an annual fee of EUR 100,000. Each of the other Directors are entitled to an annual fee of EUR 50,000. There is an additional attendance fee of EUR 5,000 for each meeting attended. Directors who are employed by FFML, its holding company FIL or its subsidiaries have waived their fees for the period ended 30 April 2019. The Chairman of the Audit and Risk Committee receives an additional fee of EUR 20,000 per annum. The other members of the Audit and Risk Committee receive an additional fee of EUR 10,000 per annum. The total fees earned by the Directors in respect of services rendered for the year ended 30 April 2019 was USD 604,075.

## 7. Taxation

The Company is not liable to any Luxembourg taxes on income or on realised or unrealised capital gains, nor to any Luxembourg withholding tax. The sub-funds are subject to an annual subscription tax of 0.05% on Equity, Equity Income, Asset Allocation, Multi Asset, SMART, Bond, Fixed-Term Bond and Fidelity Lifestyle Funds and 0.01% on Cash, Reserved, Institutional Reserved Funds, Class P, R, X and I Shares, calculated and payable quarterly on the Net Assets of the sub-fund on the last day of each calendar quarter.

Foreign capital gains, dividends and interest may be subject to capital gain and withholding taxes or other taxes imposed by the country of origin concerned and such taxes may not be recoverable by the Company or its Shareholders. Where there is a reasonable likelihood that a liability will crystallise, the tax payable on the unrealised gain is provided for in the NAV.

## 8. Transaction Fees

Transaction fees are fees paid to brokers when buying and selling equities, CFD's, futures, options and exchange traded funds. Transaction fees are generally included in the costs of investments that are part of the realised and unrealised gain/(loss) in the Statement of Operations and Changes in Net Assets. A portion of the transaction fees are included in the custody fees in the Statement of Operations and Changes in Net Assets. Transactions fees on Bonds and Swaps are not disclosed as they are included in the spread.

For the year ended 30 April 2019, these transaction fees amount to:

## 9. Equalisation

Income equalisation arrangements are applied to all share classes (accumulating and distributing), across all sub-funds. For distributing shares,

these arrangements are intended to ensure that the income per share which is distributed in respect of a distribution period is not affected by changes in the number of shares in issue during that period. The calculation of equalisation is based on net investment income. All equalisation amounts are disclosed in the Statement of Operations and Changes in Net Assets.

## 19. Claims for Discriminatory Withholding Taxes within the European Union

Investment funds are generally subject to local withholding taxes on receipt of cross-border payments of dividends throughout Europe. However, European Court of Justice and European Free Trade Association Court decisions support a tax discrimination claim where EU or European Economic Area ("EEA") countries impose such withholding taxes on cross-border payments at rates higher than the withholding tax imposed on dividends paid in similar situations to resident investors.

The Board of the Company has therefore authorised the filing of protective claims, based on the EU principle of the freedom of movement of capital within the EU & EEA, against countries where it is believed that withholding taxes may have been unlawfully imposed by individual EU or EEA States on dividend payments to the Company. The Board's decision has been taken exclusively to protect the position of investors in the Company.

The nature of these claims is complex and subject to each jurisdiction's local statute of limitations and procedural requirements. Consequently, these claims may be subject to lengthy litigation, and at the current time there is no certainty whether all the protective claims will ultimately be successful and whether or how much withholding tax will ultimately be recovered in each of the jurisdictions.

## 20. Statement of Changes in Investments

A list for each sub-fund, specifying for each investment the total purchases and sales which occurred during the year under review, may be obtained free of charge from the Registered Office of the Company or from any of the companies registered as Distributors of the Company. It is possible to receive information about the full holdings of the sub-funds in which you invest, at any point in time during the year. This is available upon request, by contacting your usual Fidelity Representative.

## 21. Rates of Exchange

The USD exchange rates as at 30 April 2019 are noted below. For the Chinese Renminbi currency, please note that the offshore rate is applied. RMB is a colloquial reference to the Chinese Renminbi, which is also known internationally as the Chinese Yuan ('CNY'). Whilst the CNY is traded both onshore in China and offshore (primarily in Hong Kong), it is the same currency although currently traded at different rates. The offshore rate for trading CNY is generally referred to as 'CNH'. The CNH rate will be used when determining the value of the Shares of a fund as well as for hedging purposes.

## **Audit report**

To the Shareholders of  
**Fidelity Funds**

---

### **Our opinion**

In our opinion, the accompanying financial statements give a true and fair view of the financial position of Fidelity Funds (the "Fund") and of each of its sub-funds as at 30 April 2019, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

#### *What we have audited*

The Fund's financial statements comprise:

- the statement of net assets as at 30 April 2019;
- the schedule of investments as at 30 April 2019;
- the statement of operations and changes in net assets for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies.

---

### **Basis for opinion**

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

---

### **Other information**

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

**Responsibilities of the Board of Directors of the Fund and those charged with governance for the financial statements**

The Board of Directors of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's and each of its sub-funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or close any of its sub-funds or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Fund's financial reporting process.

**Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements**

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control;

- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund;
- conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's or any of its sub-funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Fund or any of its sub-funds to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### For UK residents only

The affairs of the Company have been conducted to ensure as far as possible that United Kingdom Reporting Fund Status will be granted for the period of these accounts with respect to the sub-funds and Share classes that are registered in the United Kingdom. With respect to UK registered sub-funds and Share classes in existence prior to the introduction of the new regime the Company has applied to the UK Inland Revenue to transition into the new regime and the UK authorities have given notice that they accept this entry. Moreover, the Company has submitted an application for the new regime for UK registered sub-funds and Share classes launched during the accounting period ending 30 April 2019. It also submitted or will submit an application for new Share classes in existing or new UK registered sub-funds launched during the accounting period. Reportable income figures are generally available six months after the year end date. The distributing sub-funds and Share classes of the Company that were registered in the UK at the time have also been certified as "distributing funds" by the UK Inland Revenue authorities under the predecessor regime for all accounting periods up to 30 April 2010.

## Remuneration

### Remuneration Disclosure

FIL investment Management (Luxembourg) S.A. ('FIMLUX') is a UCITS licensed Management Company and wholly owned subsidiary of FIL Limited ('FIL'). The FIL Group, consisting of FIL and its subsidiaries, has approved a remuneration policy which is applicable to all constituent parts of the group. In addition FIMLUX has its own remuneration policy which closely reflects the FIL group policy. In the implementation of its policy, FIMLUX will ensure good corporate governance and promote sound and effective risk management.

### Remuneration Policy

The remuneration policy does not encourage any risk taking which would be inconsistent with the risk appetite of the Company, the Articles of Association or Prospectus. FIMLUX will ensure that any decisions are consistent with the overall business strategy, objectives and the remuneration policy and try to avoid any conflicts of interest which may arise.

Fixed remuneration is defined as base salary plus other benefits. Base salaries are set competitive to local market, based on an individual's specific role and responsibilities as well as their relevant experience, qualifications, performance and overall contribution to FIL. These levels are reviewed on a regular basis.

Variable remuneration is defined as annual bonuses and long term incentive awards. These discretionary pay elements are determined by individual performance and overall company affordability (set taking into consideration the financial and non-financial performance and associated business and operational risks).

A summary of the Remuneration Policy is available at <https://www.fidelityinternational.com>.

FIMLUX will ensure that the remuneration policy is reviewed internally and independently annually. The Remuneration Policy applies to all employees of FIMLUX, including individuals whose professional activities have a material impact on the risk profile of the Management Company or the UCITS Funds it manages ('UCITS Identified Staff'). The UCITS identified staff include members of the Board of the Management Company, senior management, heads of relevant control functions and heads of other key functions. Individuals are notified of their identification and the implications of this status on at least an annual basis.
