investments

A member of Prudential plc (UK)

- The Fund invests in equities and is exposed to the risk of market price fluctuations.
- The Fund invests in a limited number of countries, and may be subject to greater volatility compared to more diversified funds.
- The Fund's investments in emerging markets subject it to greater political, tax, economic, foreign exchange, liquidity and regulatory risks.
- The Fund may incur substantial losses if it is unable to sell those investments with high liquidity risks at opportune times or prices.
- The Fund may invest in securities denominated in currencies other than the Fund's base currency and may be exposed to currency and exchange rates risk.
- The Fund may use financial derivatives instruments (FDIs) extensively for hedging and efficient portfolio management purposes whilst FDIs will not be extensively used for investment purposes. Using FDIs may expose the Fund to market risk, management risk, credit risk, counterparty risk, liquidity risk, volatility risk, operational risk, leverage risk, valuation risk and over-the-counter transaction risk. The use of such instruments may be ineffective and the Fund may incur significant losses.
- Investment involves risk. Investors should not rely solely on this document in making investment decision. Past performance information presented is not indicative of future performance.

Distributions are not guaranteed and may fluctuate. Past distributions are not necessarily indicative of future trends, which may be lower. Distribution payouts and its frequency are determined by the Board of Directors, and can be made out of (a) income; or (b) net capital gains; or (c) capital of the Fund or a combination of any of (a) and/or (b) and/or (c). The payment of distributions should not be confused with the Fund's performance, rate of return or yield. Any payment of distributions by the Fund may result in an immediate decrease in the net asset value per share. Funds with Monthly and Quarterly Distribution Frequency: Annualised Dividend yield = (Dividend per share / Reference NAV at start of distribution period) x (No. of calendar days in a year / No. of calendar days in distribution period) x 100%. Funds with Yearly Distribution Frequency: Annualised Dividend Yield = (Dividend amount / Total Net Assets) x (No. of calendar days in a year / No. of calendar days in distribution period) x 100%. "N.A.": This share class does not distribute dividends. For details of other fees and charges, please refer to the offering document.
